Tutorial 5

Monday, October 23

Problem 1 - Tries

Draw a trie storing the following keys

```
10100
10
10110
1010011
10111010
1010010110
1011110
```

Problem 2 - Compressed Tries

a) Draw the trie from problem 1 as a compressed trie.

b) Insert the key 101000101 into the compressed trie.

c) Delete the key 10110 from the compressed trie.

Problem 3
